REMARKS

The figures of births and deaths of India as shown in this statement for week ending 16th November, 1957 relate to 190 towns with an estimated population of 25,775 thousands. Information about Andhra Pradesh, Assam, Delhi, Madhya Pradesh, Rajasthan and West Bengal could not be included. The total number of towns is 319 and their population is 42,930. Thus 60% of the total number of towns representing 60% of the total population

is covered in this statement. The number of births and deaths recorded in these towns were 17,876 and 6,484 representing birth and death rates of 36.1 and 15.1 respectively.

No town recorded a high death rate of 50 or over per thousand of population. The following table gives the position by States :—

| States] | w/e 16-11-57 | | Corresponding w/e last year | |
|---------------------|--------------|------|-----------------------------|------|
